Capital Transit Bus Service to "I" Quarters

1. Information contained in the attached memorandum pertinent to Capital Transit bus service to "I" Quarters was supplied by the Capital Transit Information Service.

2. It is noted that:

a. Buses leaving 16th and K Streets prior to 0557 and after 2100 turn around at the Lincoln Memorial in lieu of "I" Quarters.

b. Afternoon rush hour buses operating after 1700 are much less frequent than those prior to 1700.

3. According to Capital Transit Information Service "I" Quarters was used for turn around for all buses until 30 August 1950 at which time the present schedule was inaugurated because of almost complete absence of passengers to "I" Quarters at night.

4. [REDACTED] office hours are, in accordance with Agency regulations, from 0630 to 1700 making it highly desirable that rush hour bus service after 1700 be at least as frequent as prior to 1700. [REDACTED] production schedule also makes it necessary for certain [REDACTED] to arrive at [REDACTED] offices not later than 0600 which will necessitate their using the bus starting from 16th and K Streets at 0535. Also certain [REDACTED] and teletypists must arrive at [REDACTED] offices shortly before midnight and certain others depart therefrom shortly after midnight.
